

CLCPA Emissions and Targets for Electricity, Residential and Transportation Sectors

| | 1990 | 2015 | 2030 | 2030 Reduction |
|------------------------------------|----------------------|----------------------|----------------------|-----------------------|
| | MMtCO ₂ e | MMtCO ₂ e | MMtCO ₂ e | % |
| Total Electricity GHG Emissions | 83.7 | 60.1 | 25.1 | 58% |
| Electricity Sector Target | 25.1 | | | |
| Total Residential GHG Emissions | 60.1 | 66.3 | 36.1 | 46% |
| Residential Target | 36.1 | | | |
| Total Transportation GHG Emissions | 80.3 | 88.6 | 48.2 | 46% |
| Transportation Target | 48.2 | | | |
| Three Sector Total GHG Emissions | 224.1 | 215.0 | 109.3 | 49% |
| Three Sector Target | 134.4 | | | |

Electricity Sector target is 70% renewable by 2030

Target for other sectors is 40% reduction of GHG emissions by 2030
